A360 Enterprises, LLC is an expert in digital accessibility auditing, testing, consulting and training. Legal Netlink, Inc. has engaged Accessible360 to test and evaluate the accessibility of Legal Netlink, Inc.'s desktop website with a homepage located at Ina.localweb.ro.

Accessible360 performed live-user accessibility auditing, including but not limited to testing by individuals with disabilities using assistive technology, combined with digital testing tools, on a representative sample of pages of Legal Netlink, Inc.'s website. The accessibility audit was completed approximately August 5, 2021.

As of our Quality Assurance testing on February 17, 2022, our live-user accessibility testers did not encounter any accessibility blockers that would deny a user using assistive technology from accessing the main content and functionality. The following is the professional opinion of the Accessible360 testing team:

- The live-user accessibility testers were able to successfully access, use, and navigate the website.
- The website substantially conforms with Level A and Level AA of the Web Content Accessibility Guidelines (WCAG) version 2.1.
- Legal Netlink Inc has addressed all significant issues that are in their control including owned source code and content within the scope of the project.

In addition, Legal Netlink, Inc. has retained Accessible360 to provide ongoing accessibility live-user reviews (remediation support and QA testing) of Ina.localweb.ro. With this in place, Accessible360 will perform ongoing accessibility testing and support of selected elements of the website, including live-user testing on a regular basis.
